

ANNUAL REPORT 2020

A YEAR OF OPPORTUNITY & GROWTH

EXECUTIVE DIRECTOR'S STATEMENT

Friends,

This past year has offered many lessons for all of us...and even some notable firsts. From K9YA's first ever Hybrid Program - where we witnessed the value of empowering kids and helping foster dogs remotely, to committing to working harder towards diversity, equity and inclusion, to our first ever charity team in the LA Marathon.

It was a year of both challenge and opportunity. Challenge to flow with monumental change, and opportunity to discover new ways of achieving our mission.

We learned we could adapt to ensure kids from under-resourced communities continued to have engaging learning opportunities, and rescue dogs and their foster families got the support they deserve.

Through it all, our big-hearted community was with us, making a difference for kids and dogs when they needed it most.

We are hopeful that the biggest challenges are behind us. We will remember the lessons learned, and we will move forward, a bit wiser, and more committed than ever, to serving kids and dogs.
